**FORGOTTEN HARVEST WAS FORMED IN 1990
TO FIGHT TWO PROBLEMS:
HUNGER AND WASTE.**

Our methods are simple yet comprehensive. We collect surplus food from a variety of sources like grocery stores, wholesale food distributors, caterers, farmers, restaurants, bakeries, and other Health Department-approved sources. This donated food is delivered to emergency food providers in the metro Detroit area. Food that would otherwise go to waste now fills the plates of hungry people.

Forgotten Harvest currently rescues more than eight million pounds of food per year. The individuals and families we serve are as diverse as the community's residents – young and old, from all races and faiths. The common bond uniting them with each other and with us is hunger.
