Independent Auditor's Report

To the Board of Directors of
Forgotten Harvest, Inc.
(A Non-Profit Organization)
Oak Park, Michigan

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Forgotten Harvest, Inc. (a non-profit Organization) and its subsidiaries, which comprise the consolidated statements of financial position as of June 30, 2016 and 2015, and the related consolidated statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Forgotten Harvest, Inc. and its subsidiaries as of June 30, 2016 and 2015, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2016, on our consideration of Forgotten Harvest, Inc. and its subsidiaries' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Forgotten Harvest, Inc. and its subsidiaries' internal control over financial reporting and compliance.

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

1. Nature of Activities

Forgotten Harvest, Inc. is a non-profit organization, incorporated in the State of Michigan for the purpose of providing hunger relief to the Metropolitan Detroit area through a prepared and perishable surplus food program. Forgotten Harvest, Inc. collects prepared, perishable and non-perishable surplus food from various health-department approved establishments and transports that food to soup kitchens, pantries and shelters in the tri-county area.

Forgotten Harvest Farms LLC, a Michigan limited liability company, was created by Forgotten Harvest, Inc. in fiscal year 2013 as a separate entity in order to facilitate the farm operations. Forgotten Harvest Farms LLC is wholly owned by Forgotten Harvest, Inc. and, as such, is consolidated in these financial statements.

Hopeful Harvest Foods Inc., a Michigan corporation, was created by Forgotten Harvest, Inc. in fiscal year 2015 as a separate for-profit entity in order to facilitate the processing of food for revenues. Hopeful Harvest Foods Inc. is wholly owned by Forgotten Harvest, Inc. and, as such, is consolidated in these financial statements.

2. Summary of Significant Accounting Policies

Basis of Consolidation

These financial statements include the Consolidated Statements of Financial Position, Activities and Changes in Net Assets, Functional Expenses, and Cash Flows for Forgotten Harvest, Inc., Forgotten Harvest Farms LLC, and Hopeful Harvest Foods Inc., collectively referred to as the Organization. All balances and transactions between consolidated entities have been eliminated.

Basis of Accounting

The books and records of the Organization are maintained on an accrual method of accounting.

Cash and Cash Equivalents

The Organization considers all short-term investments with an original maturity of three months or less to be cash equivalents. Money market accounts included in cash and cash equivalents are recorded at cost which approximates fair value.

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

Concentrations of Credit Risk

Financial instruments which potentially subject the Organization to concentrations of credit risk consist of cash, cash equivalents, and promises to give. The Organization places its cash and cash equivalents with high credit qualified institutions. At times, the amount of cash and cash equivalents may be in excess of the respective institutions' insurance limits. The Organization has not experienced any losses in such accounts, and management believes the Organization is not exposed to any unusual credit risk on cash and cash equivalents. With respect to promises to give, the Organization monitors credit exposure on a continuing basis. The Organization also records an allowance for doubtful accounts based on amounts believed to be uncollectible. Revisions to the allowance may be required if actual collections differ significantly from estimated collections. These revisions could have a material effect on the Consolidated Statements of Activities and Changes in Net Assets in the period in which such changes occur. After all attempts to collect a receivable have failed, the receivable is written off against the allowance.

Investments

The investments of the Organization are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Realized gains or losses are determined by the average cost method. Unrealized gains or losses represent the difference between the current fair value and the cost of the investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses, interest income, and dividend income are all included in the Consolidated Statements of Activities and Changes in Net Assets.

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

Promises to Give

Promises to give are recognized as contribution revenue in the period that the promise is received by the Organization unless there is a condition placed on the promise to give whereby the Organization recognizes the revenue when the condition is met. Promises to give are recorded at net realizable value if expected to be collected in one year and at fair value (discount rate used was 1.01% and 1.63% as of June 30, 2016 and 2015, respectively) if expected to be collected in more than one year. Promises to give are as follows:

<i>June 30,</i>	2016	2015
Gross Unconditional Promises to Give	\$ 1,901,283	\$ 2,315,514
Allowance for Uncollectible Promises to Give	(38,480)	(36,363)
Less: discounts to net present value	1,862,803 (7,120)	2,279,151 (14,840)
Net Unconditional Promises to Give	\$ 1,855,683	\$ 2,264,311
Amounts Due In		
Less than one year	\$ 1,312,752	\$ 1,680,750
One to four years	542,931	583,561
Total Promises to Give	\$ 1,855,683	\$ 2,264,311

The Organization uses the allowance method to determine uncollectible promises to give. The allowance is based on management's analysis of specific promises made.

Inventory

Inventory consists primarily of donated food. Insignificant values of inventory are related to a special program and are not donated. Inventory on hand as of June 30, 2016 and 2015 was \$260,236 and \$407,357, respectively. Ending donated food inventories are determined using the FIFO method and are based upon a value per pound established by KPMG, LLP and published by Feeding America, a nationally recognized food donation charity.

Property and Equipment

Purchased property and equipment are carried at cost. Donated property and equipment are carried at the approximate fair value at the date of donation. Property and equipment are depreciated over their estimated lives as follows, using the straight-line method:

Land improvements	15 years
Building and improvements	5 - 40 years
Delivery equipment	5 - 7 years
Furnishings and equipment	5 - 10 years

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

Expenditures for maintenance and repairs are charged to expenses as incurred.

The Organization reviews its property and equipment for impairment whenever events or changes in circumstances indicate that the carrying value of such property and equipment may not be recoverable. There were no impairment losses recognized for the years ended June 30, 2016 and 2015.

Beneficial Interest in Endowment Fund

The Organization entered into an agreement with a foundation to establish an endowment fund. In accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 958-605-25-24, *Transfer of Assets to a Non-Profit or Charitable Trust That Raises or Holds Contributions for Others*, the Organization's contribution to the fund, known as the reciprocal portion, has been recorded as an investment on the books of the Organization, even though the foundation may have variance power (i.e. ability to control who the beneficiary will be upon the occurrence of events which include, but are not limited to, the dissolution of Forgotten Harvest, Inc. over the asset). In addition to the reciprocal transfer made by the Organization, third party donors may make contributions to the fund for the benefit of the Organization. The foundation maintains explicit variance power over any third party gifts and the earnings thereon. As a result, in accordance with FASB ASC Topic 958, this amount is not recorded as an asset of the Organization. Earnings are available for distribution to the Organization for operations at the discretion of the foundation.

Deferred Revenue and Prepaid Expense

The Organization holds two major fundraising events during the year. This involves the receipt of sponsorship income and reserving facilities in advance of the event. Income and expenses that relate to events that will not take place until the next fiscal year are recorded as deferred revenue and prepaid expenses and recognized when the event takes place.

Recognition of Donor Restrictions

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities and Changes in Net Assets as net assets released from restrictions. Restricted support in which the donor stipulations are met in the same year are reported as unrestricted net assets.

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

Donated Food

Monetary value for the donated food is based upon a value per pound established by KPMG, LLP and published by Feeding America. A summary of donated food is as follows:

<i>Year ended June 30,</i>	Total Pounds	Price Per Pound	Total Value
2016	41,540,810	\$ 1.67	\$ 69,373,153
2015	39,667,671	1.70	67,435,041

Internally Grown Food (Unaudited)

The Organization produced and distributed 863,929 and 1,294,784 pounds of food during fiscal years 2016 and 2015, respectively, using approximately 100 acres of donated farm land.

Contributions and In-Kind Donations

The Organization accounts for contributions received and contributions made by corporations, foundations, trusts and government agencies at estimated fair value. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

In-kind donations consisting of donated services and materials are recorded as revenues and expenses at their estimated fair value. In-kind donations of property, equipment, and donated rent are recorded at fair value at the donation date. Donated services and materials are recorded if the services and/or materials (a) create or enhance non-financial assets, or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. Volunteers donated significant amounts of their time to the Organization's programs and fundraising campaigns which does not meet the criteria for in-kind donations, as described above, and therefore is not recognized as contributions in the consolidated financial statements.

Income Taxes

Forgotten Harvest, Inc. and Forgotten Harvest Farms LLC file a joint tax return and are exempt from federal income and unemployment taxes under Section 501(c) (3) of the Internal Revenue Code. The Organization considers this exemption from income taxes to be a significant tax position. The Organization has evaluated and determined that there is no material taxable unrelated business income. The Organization believes that it has appropriate support for any tax position taken and, as such, has determined that no additional disclosures of uncertain tax matters are required. Contributions made to the Organization are deductible by the donor as provided by the Internal Revenue Code. Hopeful Harvest Foods Inc. is taxed as a C-Corporation.

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the Consolidated Statements of Activities and Changes in Net Assets and in the Statements of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amount of revenues and expenses during the report period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

For certain of the Organization's financial instruments, including cash and cash equivalents, promises to give, other receivables, accounts payable and other accrued expenses, the carrying amounts approximate fair value due to their short maturity.

3. Fair Value Measurements

The Organization's investments are stated at fair value. Investments held in the exchange-traded funds are valued at quoted market prices, which represent the net asset value of shares held by the Organization at year end. A summary of investments is as follows:

<i>June 30,</i>	Cost	Fair Value	Carrying Value
2016	\$ 1,810,707	\$ 1,906,739	\$ 1,906,739
2015	1,699,738	1,846,754	1,846,754

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level within the fair value hierarchy the Organization's assets recorded at fair value, as of June 30, 2016 and 2015:

	Assets Recorded at Fair Value as of June 30, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Inflation protected	\$ 371,610	\$ -	\$ -	\$ 371,610
Commodity	93,473	-	-	93,473
Bond	485,569			485,569
Common Stock:

Inventory - Donated Food	-	407,357	-	407,357

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

4. Board Designated Funds

FASB guidance related to classification of net assets states that Board designated funds, absent donor restrictions are to be classified as unrestricted. Board designated funds within Unrestricted Net Assets were \$304,365 and \$305,122 at June 30, 2016 and 2015, respectively.

5. Temporarily Restricted Net Assets

Temporarily Restricted Net Assets are net assets subject to donor-imposed stipulations that can be fulfilled by actions pursuant to those stipulations or that expire by passage of time. Temporarily Restricted Net Assets consist of the following:

<i>June 30,</i>	2016	2015
Building maintenance	\$ 600,923	\$ 612,923
Capacity campaign	577,662	884,850
Contributions - time or purpose restrictions	1,057,125	1,671,655
Endowment Fund earnings	4,838	11,740
	\$ 2,240,548	\$ 3,181,168

6. Permanently Restricted Net Assets

Permanently Restricted Net Assets are net assets subject to donor-imposed stipulations that are maintained permanently by the Organization. Permanently Restricted Net Assets as of June 30, 2016 and 2015 of \$100,000 consist of the Organization's original beneficial interest in an Endowment Fund. Earnings on the original investment are classified as Temporarily Restricted.

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

7. In-Kind Donations

A summary of In-Kind Donations for the years ended June 30, is as follows:

<i>Year ended June 30,</i>	2016	2015
Advertising	\$ 65,620	\$ 99,555
Fundraiser auction items	53,247	47,220
Professional services	35,337	19,784
Land	22,375	22,375
Sporting event tickets	19,351	200
Special event food and miscellaneous items	15,731	30,037
Fuel	9,510	9,510
Equipment and supplies	7,089	17,379
Miscellaneous	6,535	16,372
Office furniture and supplies	165	350
Electronics and software	-	600
Senior aid	-	15,456
	\$ 234,960	\$ 278,838

8. Employee Benefit Plan

On May 1, 1996, the Organization adopted a Simplified Employee Pension Plan ("SEP") for all employees who meet the eligibility requirements set forth in the Plan. Effective February 1, 2004, the Organization rolled the SEP into a 401(k) Profit Sharing Plan. Under the provisions of the Plan, eligible employees may defer a portion of their salary and the Organization will make contributions on behalf of each eligible employee based on the Plan's guidelines. The Organization's contribution to the Plan for the years ended June 30, 2016 and 2015 was \$163,914 and \$136,446, respectively.

9. Federal Financial Assistance

The Organization has received federal funds from the Emergency Food and Shelter Program and Nutrition Supplemental Assistance Program for food distribution. The Organization has also received USDA food for distribution. See the Schedule of Expenditures of Federal Awards for details.

10. Capacity Campaign

The Organization engaged in a capacity campaign which was being used to fund capital expenditures and operating costs associated with the increased expansion of the Organization over a three year period that ended June 30, 2013. As of June 30, 2016, the Organization has received pledges of \$8,381,319 of which \$7,617,772 has been collected.

The Organization classifies contributions to the Capacity Campaign as temporarily restricted if the donor stipulation has not been met or the donor's time restriction has not expired.

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

11. Related Party Transactions

During 2012, the Organization assisted in establishing a Canadian non-profit organization named Forgotten Harvest Canada. By helping to establish Forgotten Harvest Canada, both entities expect to receive increased food donations from Canadian growers. Forgotten Harvest Canada employs a similar business model to Forgotten Harvest, Inc. with a mission to relieve poverty. The Organization and Forgotten Harvest Canada are independent entities with separate Boards of Directors. The Organization made Canadian dollar denominated loans to Forgotten Harvest Canada of \$50,000 in May 2012, \$50,000 in September 2012, \$54,000 in September 2014, \$66,000 in May 2015 and approximately \$105,000 in December 2015. Further, in fiscal year 2012, the Organization transferred a truck to the Canadian sister company for a promissory note of \$15,000. All loans to Forgotten Harvest Canada have been forgiven. In April of 2016, the operations of Forgotten Harvest Canada were absorbed by a local Canadian non-profit organization. Forgotten Harvest Canada was no longer operational at June 30, 2016.

Additionally, the Organization provided transportation and management services to Forgotten Harvest Canada during 2016 and 2015 in the amount of approximately \$4,874 and \$5,900, respectively. Amounts due to the Organization from Forgotten Harvest Canada at June 30, 2016 and 2015 were approximately \$1,000 and \$49,000, respectively.

During the year ended June 30, 2014, the Organization received an in-kind donation from an entity related to a member of the Board of the use of 8,322 square feet of office space at no cost through July 2014 and renewable on an annual basis at the option of the Organization through November 2017. The Organization recorded the fair value of the lease based on the November 2017 termination date as in-kind revenues of approximately \$608,000 during 2014 as there are no donor conditions on the donation. The Organization will record monthly in-kind rent expense as it uses the office space during the term of the lease until termination in November 2017. During the year ended June 30, 2016, the Organization recorded approximately \$160,000 of in-kind rent expense. Included in Promises to Give, Net on the Statement of Financial Position as of June 30, 2016 is approximately \$183,000 related to this lease.

During the years ended June 30, 2016 and 2015, the Organization received approximately \$10,000,000 and \$10,900,000, respectively, in revenue from Board members and/or entities related to Board members in the form of contributions (including in-kind donations and perishable foods). Amount due from related parties related to these contributions on the Statement of Financial Position are approximately \$336,000 and \$448,000 at June 30, 2016 and 2015, respectively.

12. Commitments and Contingencies

The Organization is subject to ordinary and routine legal proceedings, as well as demands, claims and threatened litigation, which arise in the ordinary course of its business. The ultimate outcome of any litigation is uncertain. While unfavorable outcomes could have adverse effects on the Organization's business, results of operations, and financial condition, management believes that the Organization is adequately insured and does not believe an unfavorable outcome of any pending or threatened proceedings is possible or remote. Therefore, no separate reserve or disclosure has been established for these types of legal proceedings.

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

13. Subsequent Events

Management has evaluated subsequent events through September 27, 2016, the date on which the consolidated financial statements were available to be issued. During the period, no material recognizable subsequent events were identified.

14. Recent Accounting Standards Update

Revenue from Contracts with Customers (Topic 606)

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers (Topic 606), which is a comprehensive new revenue recognition standard that will supersede existing revenue recognition guidance. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. FASB issued ASU 2015-14 that deferred the effective date for the Organization until annual periods beginning after December 15, 2018. Earlier adoption is permitted subject to certain limitations. The amendments in this update are required to be applied retrospectively to each prior reporting period presented or with the cumulative effect being recognized at the date of initial application. Management is currently evaluating the impact of this ASU on its financial statements.

Fair Value (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Equivalent)

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Equivalent), which allows for those entities that have elected the practical expedient to use the net asset value (NAV) as a measure of fair value and to no longer categorize these investments within the fair value hierarchy. The practical expedient criteria differ from the criteria used to categorize other fair value measurements within the hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV. The ASU is effective for the Organization's fiscal years beginning after December 15, 2016, with early application permitted and should be applied retrospectively. The retrospective approach requires that an investment for which fair value is measured using the NAV practical expedient be removed from the fair value hierarchy in all periods presented in an entity's financial statements. Management is currently evaluating the impact of this ASU on its financial statements.

Forgotten Harvest, Inc.
(A Non-Profit Organization)

Notes to Consolidated Financial Statements

Leases (Topic 842)

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, Leases (Topic 842), to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements for lessees and lessors. The new standard applies a right-of-use ("ROU") model that requires, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset for the lease term and a liability to make lease payments to be recorded. The ASU is effective for the Organization's fiscal years beginning after December 15, 2019 with early adoption permitted. Management is currently evaluating the impact of this ASU on its financial statements.

Not-for-Profit Entities (Topic 958) and Health Care Entities (Topic 954) - Presentation of Financial Statements of Not-for-Profit Entities

In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958) and Health Care Entities (Topic 954) - Presentation of Financial Statements of Not-for-Profit Entities. The ASU amends the current reporting model for nonprofit organizations and enhances their required disclosures. The major changes include: (a) requiring the presentation of only two classes of net assets now entitled "net assets without donor restrictions" and "net assets with donor restrictions", (b) modifying the presentation of underwater endowment funds and related disclosures, (c) requiring the use of the placed in service approach to recognize the expirations of restrictions on gifts used to acquire or construct long-lived assets absent explicit donor stipulations otherwise, (d) requiring that all nonprofits present an analysis of expenses by function and nature in either the statement of activities, a separate statement, or in the notes and disclose a summary of the allocation methods used to allocate costs, (e) requiring the disclosure of quantitative and qualitative information regarding liquidity and availability of resources, (f) presenting investment return net of external and direct expenses, and (g) modifying other financial statement reporting requirements and disclosures intended to increase the usefulness of nonprofit financial statements. The ASU is effective for the Organization's financial statements for fiscal years beginning after December 15, 2017. Early adoption is permitted. The provisions of the ASU must be applied on a retrospective basis for all years presented although certain optional practical expedients are available for periods prior to adoption. Management is currently evaluating the impact of this ASU on their financial statements.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors of
Forgotten Harvest, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Forgotten Harvest, Inc. and its subsidiaries (the "Organization"), which comprise the consolidated statement of financial position as of June 30, 2016, and the related consolidated statements of activities and changes in net assets and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated September 27, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BDO USA, LLP

Kalamazoo, Michigan

September 27, 2016

Independent Auditor's Report on Compliance For Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

To the Board of Directors of
Forgotten Harvest, Inc.

Report on Compliance for Each Major Federal Program

We have audited Forgotten Harvest, Inc.'s (the "Organization") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended June 30, 2016. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Organization's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on Each Major Federal Program

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2016

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (“the Schedule”) includes the federal grant activity of Forgotten Harvest, Inc. under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”). Because the Schedule presents only a selected portion of the operations of Forgotten Harvest, Inc., it is not intended to and does not present the financial position, changes in net assets, or cash flows of Forgotten Harvest, Inc.

2. Summary of Significant Accounting Policies

- a) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- b) Pass-through entity identifying numbers are presented where available.
- c) The Organization has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

3. Food Commodities

Nonmonetary assistance is reported based on the commodities received and disbursed. The value per pound is established by KPMG, LLP and published by Feeding America, a nationally recognized food donation charity.
