Month/Year:

INSTRUCTIONS: A volunteer or staff member will maintain this log daily. The volunteer or staff member will record the ai temperature of each unit each day, at the beginning and the end of the day. The refrigerator temperature shall be <41° an freezer shall be =<0°. If a temperature is out of the food safety range, the temperature must be reported to the person in (PIC) and corrective actions must be taken to correct the problem immediately. The PIC must then take corrective actions
