TOGETHER, WE WILL SOLVE HUNGER AND FOOD INSECURITY IN METRO DETROIT.
Dear Friends and Supporters,

Think about it: a community where no one goes hungry. Forgotten Harvest’s bold vision isn’t a daydream. It’s a powerful reality in the making. The solutions necessary to achieve this goal are within reach. Forgotten Harvest has the expertise, and we thank you for your dedication and support of our mission.

Our 2020-2021 fiscal year was one of continued, unprecedented emergency response to the COVID pandemic. This report highlights our proud work and impact and recognizes the partnerships and collaborations that are necessary to care for our neighbors’ basic needs. We are truly grateful for all your support, for we accomplish our work together.

Forgotten Harvest’s capacity continues to grow to meet the need, and we continue to improve our services to maximize community impact. As we study current and emerging needs in the community, we know that hunger won’t be solved through food volume alone. Instead, we are committed to providing the Right Food to the Right Place in the Right Quantity at the Right Time; delivering solutions that nourish.

Forgotten Harvest is making bold, strategic changes and transformational investments that will enable us to address hunger and food insecurity in metro-Detroit more effectively. We can sustain and improve upon our impact to reduce hunger, food insecurity, and waste while making our community a healthier place for children, families and seniors. Thank you for being a dedicated partner.

With much gratitude,

Kirk Mayes  
Chief Executive Officer  

Richard DiBartolomeo  
Board Chair

WHAT WE DO

RIGHT FOOD.
RIGHT PLACE.
RIGHT QUANTITY.
RIGHT TIME.
WHAT MAKES US UNIQUE

FOR PEOPLE AT CRITICAL RISK OF HUNGER IN METRO DETROIT, FORGOTTEN HARVEST IS THE LEADING NON-PROFIT ORGANIZATION THAT USES ADVANCED LOGISTICS TO RESCUE SURPLUS, HIGHLY PERISHABLE, NUTRITIOUS FOOD FROM RETAILERS, DISTRIBUTORS, AND GROWERS. WE THEN SHARE THIS FOOD FREE OF CHARGE WITH A COMPREHENSIVE NETWORK OF FOOD PANTRY AND SHELTER PARTNERS.

We are food rescue.
All of Forgotten Harvest’s services are provided free-of-charge to our network of over 800 food donors and more than 180 distribution partners. We’ve never charged for food.

We use technology to work smarter.
Our client data system, Link2Feed, registers food recipients through 150+ enrolled partner agencies. Technology allows us to track the areas of need with greater accuracy.

We are exceptionally efficient.
Last year, we rescued & distributed over 52 million pounds of food with an average cost to our organization of .24 cents per pound compared to the Feeding America network average of .30 cents per pound.

We multiply compassion.
Donors who want to help people in need can make maximum impact by giving to Forgotten Harvest. Every $1 donated becomes $7 worth of groceries — enough food for four meals.

Forgotten Harvest is a leader in solving hunger in our community.

MOBILIZING THROUGH COVID-19
Volunteers help distribute emergency food at one of many weekly mobile pantry sites.
HOW WE ADDRESS CRITICAL NEEDS OF THOSE WE SERVE

To increase our community impact and create an enhanced, more sustainable food security network that provides nutritional food equity, we are focusing on four key priorities:

**Access**
Optimizing locations for emergency food distribution, guided by Forgotten Harvest’s Food Insecurity Index, to serve our neighborhoods with greatest unmet need.

**Supply**
Consistently distributing the nutritious food we rescue to clients at partner locations and expanding the quantity of food to help address food insecurity for thousands more in metro Detroit.

**Knowledge**
Increasing acquisition and use of data to identify opportunities, define actions, and evaluate effective implementation.

**Heightened Community Awareness**
Enhancing collaboration with community partners to address the barriers causing food insecurity and resulting personal stresses.

“*I lost my job. But, in our household, I’m the one that pays for groceries. With my sister and her baby staying with us, groceries are usually $150 a week. Forgotten Harvest has definitely helped us out a lot with food and gotten us through these times.*”

— Richard M. | Belleville, MI
VOLUNTEERS

Volunteers are essential to our work. This past year, as the pandemic continued to adversely affect metro Detroit we saw the community rally together, and our volunteer engagement gradually increased. We continued our volunteer experience with protocols in place following the strict guidelines from the Centers for Disease Control and Prevention, the State of Michigan, and local Health Department. Our heroic volunteers helped us repack and distribute emergency food at multiple warehouses and our mobile pantry distribution sites.

“A very special THANK YOU to the Air National Guard who have given their time to Forgotten Harvest when we had the fewest number of volunteers. Without them, the organization would have suspended operations.”

- Forgotten Harvest Staff

FOOD DONOR PARTNERSHIPS

We rescue perfectly good food that might otherwise go to waste from a variety of partners that cover the spectrum of the food industry such as grocers, distributors, major manufacturers, farms, and entertainment venues. The food is donated and rescued from over 800 locations. (Special thanks to the following donors.*)

ENVISIONING OUR FUTURE - SOLUTIONS THAT NOURISH

November of 2020, Forgotten Harvest broke ground on a new food distribution warehouse and campus to increase its food rescue volume and to address projected community need for decades to come. The food we provide will be consistently balanced, fresh, and equitable — just like the meals our supporters prepare for themselves.

Technology will enable us to connect with the hungry in more personal ways — matching resources to the specific needs of households. We will use customer profiles to help agencies better understand and serve their neighborhoods. We will use data and real-time analytics to identify hunger trends and pockets of need before they can spike to severe levels.

We will enhance the experience for our volunteers, by offering more diverse engagement activities within a state-of-the-art, environmentally friendly, and safe facility. Our rescue fleet will become more efficient, saving fuel costs and lowering our net environmental impact. Our operations and logistics will become more green and sustainable, complimenting our mission to reduce waste.

75% OF GOAL CAMPAIGN GOAL $17 MILLION

Campaign commitments January 1, 2019-June 30th, 2021
Our operations continued to be dramatically impacted by the COVID-19 pandemic. We provided increased volumes of emergency food to our community utilizing innovative distribution processes as well as additional warehouse and storage facilities. We continued to keep our staff and volunteers safe and adapted to changing COVID-19 protocols. We accomplished all these things thanks to our tremendous team and supporters. However, all these changes increased our normal operating costs.

Thanks to the substantial support received and some unexpected gifts, we ended our fiscal year with an operating cash reserve. We have been expending these reserves to support and sustain crisis response and operations, and we expect to continue to do so through fiscal 2021-22. This past year, we rescued and delivered 16% more emergency food. Total expense increased over prior fiscal year by $16.4 million including $14.0 million associated with rescued and government food. There was a $2.4 million, or 24% increase in operating expenses associated with pandemic relief efforts and capacity enhancements.

Our new facility and campus will be operational in 2022. Funding from our Solutions That Nourish Campaign and strategic gifts will be used to ensure the new facility project is completed and is operational without debt or risk to the organization’s services.

Strategic investments will be made to optimize and create a more sustainable emergency food distribution model, provide a consistent nutritious mix of food at all pantry locations, and enhance technology and the use of information to maximize client access. Ongoing community support will be critical to our long-term success. Adequate operating reserves are needed to provide stability in an unpredictable environment.

We are grateful to our supporters for their confidence in our stewardship to create significant and meaningful impact to reduce food insecurity, hunger, and food waste while improving the quality of life for many children, families, and seniors in our community.

OUR DONORS

Your engagement and participation in annual giving and special events lends support for the organization and also helps generate community awareness of our mission. Donors can join the Harvest Circle with a single or multiple gifts totaling $1,000 or more. Donations may be mailed to our address at 21800 Greenfield Road Oak Park, Michigan 48237, or made via our website at forgottenharvest.org. Please contact Kim Kalmar, Director of Major Gifts for alternative ways of giving (including automatic monthly donations, gifts of marketable securities, IRA distributions, or gifts via employee matching gift programs) at kkalmar@forgottenharvest.org or 248-864-7525. Thank you for your kindness.

†This list recognizes gifts of $10,000 and greater. A complete list of Harvest Circle members is available upon request. Your kindness has allowed us to serve so many children, families and seniors in need throughout southeastern Michigan this year.
NANCY M. FISHMAN SOCIETY

The Nancy M. Fishman Society honors donors who share the vision and enduring philanthropic spirit of Forgotten Harvest’s founder, Dr. Nancy Fishman.

The Fishman Society recognizes donors with cumulative lifetime contributions of $100,000 or more.
